My dear Todd :-

I received your letter of June 28th about the Puerto de Tierra matter and wrote Carrel, advising him to cooperate with you for the improvement of that district, which I am sure he will gladly do.

I expect to sail for Porto Rico August 3rd, but before doing so, will have a further talk with the President, about the political situation in Porto Rico, when I will bring up the several matters we discussed.

with kind regards, I am,

Very sincerely,
