

June 26<sup>th</sup> 1914.

My dear Friend,

This letter is to ask  
you a favor. Father Rafael  
has told me that there is a  
young child of twelve years  
in the Carmelite convent  
with Tracoma, and if she  
stay here she would start

an epidemic, which of course  
would never do. Would  
it be possible to have <sup>her</sup> ~~her~~  
~~enter~~ the Municipal <sup>Hos-</sup>~~pital~~  
~~pit~~? I know you will  
do what you can.

I suppose you have heard  
of the terrible desecration  
Druser would have dreamed  
of this, but I am glad  
now that he has shown

2. His true colors before it was  
too late. Do come around  
and see us soon.

Yours sincerely  
Madeline C. Lucchetti
