Hon. Hubert Work,
First Assistant Postmaster General,
WASHINGTON, D. C.

My Dear Dr. Work:

Replying to your communication of January 18th., 1922 AF, in which you ask me to make a statement in regard to the recommendation made by the Post Office Inspector looking to the establishment of a Post Office in Aguadilla District, P. R., to be known as "SAN ANTONIO", at a point seven and one-fifth miles north of Aguadilla and submitting the names of Rosa Gómez de Badillo and Pedro Hernández González as the only applicants for the position as Postmaster; I beg to report as follows:

I have made inquiries with my friends in Aguadilla about the two subjects and they heartily endorse the establishment of said Post Office as the place selected is a very active and promising little district, with several industrial establishments and the report goes to show that during the active season, there are over 1,000 women employed in the little factories in that place.

My friends have also stated that the best of the two candidates is Pedro Hernández González and I hereby take the liberty of endorsing his name for appointment.

Very respectfully,
