My dear Mr Todd
I am pleased to note by the
papers that you are making
a move in the right direction
and at the same time my hearty sympathy
I will take occasion to express
my sentiments whenever the
opportunity presents itself
all I want to suggest is
keep it up good and
strong keep the prominent
papers of the island back of
the move and some good
will result sooner or later
My kind regards to Barbara
and mother

Sincerely yours
D. J. Arpin
